

## Your HPE Partner

### Unlocking Efficiency, Performance, and Innovation

As an HPE partner, our deep expertise in Application & Infrastructure Modernization, Security, DevOps Automation, and Data Management is combined with HPE's industry-leading technology to deliver powerful solutions that empower your business.

Partner

### Our expertise

Our team holds extensive experience working with a wide range of HPE solutions, including:

#### HPE Servers and Storage

From high-performance computing to mission-critical workloads, we help you optimize your HPE infrastructure for maximum efficiency and performance.

#### HPE Networking

We design, implement, and manage secure and scalable HPE network solutions to meet your evolving connectivity needs.

#### HPE GreenLake

We assist you in leveraging HPE GreenLake's flexible cloud services to access the right HPE resources whenever and wherever you need them.

### Our Services

Arctiq offers a comprehensive suite of services to help you get the most out of your HPE investment:

#### Infrastructure Automation

We automate the provisioning, configuration, and management of your HPE infrastructure, reducing complexity and accelerating deployments.

#### DevOps and CI/CD Pipelines

We design, implement, and manage secure and scalable HPE network solutions to meet your evolving connectivity needs.

#### Security Optimization

We strengthen your HPE environment with robust security solutions and best practices, including specialized expertise in network security to protect your valuable data and assets.

#### Data Management and Analytics

We help you harness the power of your data stored on HPE systems by designing data pipelines, developing machine learning models, implementing data governance strategies, and enabling advanced analytics. Our data management expertise positions us to integrate and optimize HPE Ezmeral for your data lake needs.

#### Training and Knowledge Transfer

We equip your team with the skills and knowledge to manage your HPE environment effectively and independently.

# Benefits of Partnering with Arctiq

## Faster Time to Value

Get the most out of your HPE investment quickly with our efficient implementation and automation expertise.

## Improved Performance and Efficiency

Optimize your HPE infrastructure for peak performance and resource utilization.

## Enhanced Security

Safeguard your IT environment with robust security solutions and best practices.

## Reduced Costs

Streamline operations and optimize resource allocation through automation, leading to cost savings.

## Empowered Teams

Our training programs enable your team to confidently manage and get the most out of your HPE solutions.

## Why Choose Arctiq?

### Proven Track Record

We have a history of success in delivering transformative solutions for clients leveraging HPE technology.

### Deep Expertise

Our team possesses in-depth knowledge of HPE products and best practices.

### Automation Focus

We leverage automation to streamline processes and reduce human error.

### Customer-Centric Approach

We prioritize your unique needs and goals to deliver solutions that drive real business value.
